Blended scotch whisky dating back to the 1870's. It is a popular choice in Scotland with its positive elegant flavour, hearty richness and stylish finish

### ROBERTO CAVALLI VODKA RCVODKA-750

Roberto Cavalli Vodka is a fine example of good taste. This sophisticated and refined vodka, intended for the most discerning palates, was made according to traditional Italian distillation excellence.

It is made from the finest selection of wheat cultivated in the valleys where the South-Western Alps meet the Po. A soft type of wheat which, by using a higher content of type A starch, converts the sucrose into a very pure form and makes the distilled alcohol purer and smoother.

### SNOW LEOPARD VODKA

**VOD3**

- Internationally admired for its luxury innovation and unhurried flavour - pure simple and time honoured
- Tasting notes: Fresh, floral and anise aroma - full body of vanilla, nut and peppery spice flavour
- A favourite amongst the celebrity elite • 43% Alcohol

### CANADIAN ICEBERG VODKA VOD2

The first and most important ingredient is 12,000 year old naturally pure Iceberg water. Next is a triple distilled, neutral grain spirit produced from the highest grade Ontario peaches and cream sweet corn.

These ingredients are then blended and bottled by the Newfoundland Liquor Corporation, which maintains the highest standard of product quality control. Canadian ICEBERG Vodka is considered by many to be the only true Ultra Premium Vodka made with 100% Iceberg Water.

### BACARDI RUM 1 LITRE RUM2

75.5% Alcohol

Originated in 1862, Bacardi Superior Rum is the original mixable light bodied rum between 1-2 years in carefully selected oak barrels.

After aging, the rums are blended and passed through a second charcoal filtration to achieve maximum clarity and characteristic smoothness

### COCKSPUR RUM RUM3

This fine golden rum is matured slowly in American white oak barrels before being expertly blended to create the final product. Significantly smoother on the palate than many other brown spirits, the quality stands out whether it's straight or mixed. The agreeable distinctive flavour is great on the rocks but equally best mixed with your favourite mixer or in cocktails.
